Good Luck class of 2014!

With the close of preschool year comes the start of our summer program. For the summer months, the Pre k 3 & 4 classes will be joining together and will follow the same monthly and weekly themes and activities. The emphasis will be on small group work which will allow us to focus on each child's individual needs. Each child will participate in 4-5 centers each day along with making cool crafts, playing games and participating in fun outdoor activities. The children will continue to work on numbers, colors, letters, shapes, and rhyming, along with gross and fine motor skills. Our goal is to reinforce the previous year's learning, while preparing your child for the coming school year.
