### Our theme this month is: *Underwater Adventure!*

It's officially summer and the babies are loving every minute of it! This month the babies really take a deep dive into all animals that live in water! The babies will be starting off the month of July learning a little bit about fish. They will read books involving fish including the story "Rainbow Fish". They will be doing a fish craft where they bingo dab the circles on the fish to make a colorful piece of art! The next week they will learn a little bit about frogs! They will sing "5 Little Speckled Frogs" and even take a walk outside in the buggie to see if they can spot any frogs for themselves! Next, the babies will get in touch with their musical side and play with their own musical instruments. They will sing and dance and listen to plenty of great music! They also will be making a fish craft out of their handprints! To finish off the month the babies will read the story "Baby Shark" and listen to the song as well as trying to sing it themselves. Our teachers will also teach them the hand motions for each verse! July is such a fun month for us here at Bunny Bunch and we are looking forward to spending it with our babies!
