Each month you will receive a calendar that you will be able to reference to see more about what your child is doing in class. Each month will have a different theme, along with weekly themes that go along. "Welcome To School" and "Our Classroom" are how we will start this fun year. The children will be introduced to their new classroom as well as the rules and routines. We will be focusing a lot on healthy habits and how to stay safe this year. "Getting To Know Each Other" and "Family" will be the focus of the second half of the month and will have the children learning more about each other and their families. We know that the children are going to make great friendships this year! Each day the children will have Circle Time which will focus on our letter, number, and shape of the week as well as calendar work and classroom discussions. We will then have small centers which will have the children doing a variety of work, such as crafts, writing, sensory play, creative play, and many more fun activities which will have them learning and having fun at the same time! We are looking forward to this year and hope that you are too!
