# INFANT ROOM STAR STUDENT

**Isabel** is our Star Student of the Month, and we can't believe she will be turning 7 months old this month! It has been so amazing to watch how much she has grown since starting with us. Isabel is doing an incredible job and is becoming more active every day as she starts moving around and exploring the world around her. She is growing into the sweetest little personality that we all adore. Isabel loves playing with toys that make noise and light up, and she especially enjoys exploring the toys on the bouncer and spending time playing next to her friends. She is so curious about everything around her, and we love getting to watch her discover new toys and work toward exciting new milestones. One thing we already know about Isabel is that she is very determined! She is always on the move, although right now she is a little "stuck in reverse," as her teachers like to say. But we know that once she figures out how to go forward—watch out world! There will be no stopping her. Isabel also loves making crafts with her teachers, especially when it involves paint. She is such a sweet girl with the prettiest eyes that truly light up our infant room. We feel so happy and lucky to be part of watching her grow and develop, and we can't wait to see what she conquers next! Congratulations Isabel! Keep up the great work! We love you!!
